Governor Cooper

I am so sad and angered by your decision to approve the 401 permit for the Atlantic Coast Pipeline. You have caved to Duke Energy and you have failed to protect our waters and environment. You thumb your nose at incredibly powerful carbon driven climate change by allowing the frack gas pipeline. You destroy our hopes and the future of our young people. Be really ashamed. Once again Democrats are weak and not fit for leadership and offer nothing to oppose the reckless, idiotic, immoral positions of the Republicans. You are right there with them.
